ProfDev Inc.
Santiago City, Isabela, Philippines

Subject: Application for Network Support Intern Position

Dear Mr. Agregado,

I am writing to express my interest in the Network Support Intern position at ProfDev Inc. I am currently a third-year Bachelor of Science in Information Technology student at Northeastern College, where I have gained knowledge in networking fundamentals, cloud computing, cybersecurity, and web development.

Although I have not yet acquired professional work experience, I have developed practical skills through academic projects, particularly a Local Area Network (LAN) setup project where I learned network configuration, IP addressing, and basic troubleshooting. I have also earned certifications from Cisco, Microsoft, AWS, and TESDA that have strengthened my technical knowledge and commitment to continuous learning.

I consider myself a fast learner who is eager to adapt to new technologies and work collaboratively with professionals in the IT industry. I am confident that an internship at ProfDev Inc. will allow me to further develop my technical skills while contributing positively to your organization.

Thank you for considering my application. I would appreciate the opportunity to discuss how I can contribute to your team. I look forward to hearing from you.

Respectfully,

Jonard Dave A. Gante
